## DOMINION IS OFFERED IRISH NET CLOSING ON HIGHTOWER

### ANOTHER BODY MAY BE BURIED NEAR SPOT

(By Associated Press)  
SAN FRANCISCO, Cal., Aug. 13.—A coroner's inquest today charged William A. Hightower, a prominent banker, with the murder of his son, Patrick E. Hightower, who was found dead in a field near the city of Colma, Cal., on August 2. The coroner's jury returned a verdict of "not guilty" on the charge of murder, but found Hightower guilty of manslaughter. The jury also found that Hightower had been negligent in his duty as a parent.

### CROWDS ATTEND LAST RITES FOR FATHER HESLIN

(By Associated Press)  
SAN FRANCISCO, Cal., Aug. 13.—A large crowd gathered today at St. Mary's church for the funeral of Father Heslin, who died on August 11. The funeral was held at 10 o'clock and was attended by many of the city's prominent citizens.

### CAN'T FIND MOTIVE IN KILLING OF KENNEDY

(By Associated Press)  
LOS ANGELES, Cal., Aug. 13.—A coroner's inquest today found that the police had been unable to find a motive for the killing of James J. Kennedy, who was found dead in a field near the city of Colma, Cal., on August 2. The coroner's jury returned a verdict of "not guilty" on the charge of murder, but found Kennedy guilty of manslaughter.

### THIS DISTRICT TAKING A NEW LEASE ON LIFE

Tonopah and the entire surrounding district are undoubtedly facing a winter revival that gives promise for a fine period. With the adjustment of the labor differences that kept this district in a turmoil for nearly four months, there has been an influx of people arriving in Tonopah. Fred J. Meachin, local manager of the Nevada-California Power company, stated today that it was surprising the number of homes that were being rented, and that his office was swamped with applications to install meters. Mr. Meachin, in his official position, should prove a barometer touching on local conditions, and he is of the opinion that houses will be at a premium within a comparatively short time.

Much attention is being given by mining men and investors to the various outside districts, which include the Divide, Klondike, Belle-haven, Arrowhead, Silverton, Silver Bow, Lone Mountain, Weepah, Cliff Ford, Argente, Golden and even as far away as Hornsilver. Many of those interested in the development of properties in those districts will naturally maintain homes in Tonopah, this camp being the natural feeding point.

### IMPORTANT PROGRESS IN NEW TAX PROGRAM

(By Associated Press)  
WASHINGTON, D. C., Aug. 13.—A statement explaining the administration tax revision program was issued today from the White House. It was felt that highly important progress had been made in the revision of the tax program. "There has been no question," the statement said, "of the rich man's share of the burden, but rather to insure that the tax will be left an avenue of escape from those. Analysis of the program shows what is described as the rich man's share of the burden, but rather to insure that the tax will be left an avenue of escape from those."

### HUNGARIANS APPROVE U. S. PEACE ACTION

(By Associated Press)  
BUDAPEST, Aug. 13.—Unanimous approval of the peace resolution proposed by the United States was given today by the Hungarian national assembly. The resolution is authorized to negotiate a treaty of peace with Washington.

### DON'T MISS THE BASEBALL GAME SUNDAY AT 3:30

All out for the big baseball game tomorrow afternoon at the local stadium. The game has been scheduled to start at 3:30 p. m., in order that all workers may have the opportunity to witness what promises to be the finest and swiftest game played in Tonopah this season. The opponents tomorrow are the fast bunch of players from Independence, California, who bring with them a "roy" as being one of the swiftest teams of the Owens Valley. However, all is serene among the Tonopah boys, as they are going the greatest lightning now and all are in perfect trim for the strenuous exercise incident to nine innings of real baseball. It is likely that O'Neil will be in the box for the locals, as he is pitching big league ball at present and woe to the batting averages of the Native Sons when he spins his twisters around their ears. Manager Brown announces the tentative line-up as follows:

Johnson, catcher.  
O'Neil and Pratt, pitcher.  
Cain, first base.  
McFadden, second base.  
Burlingame, third base.  
Murphy, shortstop.  
Herd, left field.  
Lydon, center field.  
Harvey, right field.

Because a "twirly whirly" show-girl, who just lost a suit to break a will, once kicked the hat off King Edward, is no reason for calling her an "actress."

### AGREE UPON A LOWER RATE ON EXPRESS TAXES

(By Associated Press)  
WASHINGTON, D. C., Aug. 13.—Repeal of the express tax of 1 cent on every 25 cents of value was decided upon today by the ways and means committee. The committee also voted to levy a flat license tax of \$10 on all retailers of soft drinks and to tax a manufacturer's tax on cereal beverages at 17 cents a gallon instead of the present manufacturer's tax of 15 per cent of the sale price.

### AMERICANS CAN LEAVE RUSSIA IF THEY WILL

(By Associated Press)  
NEW YORK, Aug. 13.—Soviet Russia has granted permission to Americans to leave there if they desire. G. V. Plekhanov, minister of foreign affairs, issued the statement today.

### SOLDIERS' CLAIMS TO BE ADJUSTED

Traveling "contract units" from the bureau of war risk insurance, the federal board for vocational education and the United States public health service will visit the Nevada district to pass upon claims of disabled ex-service men for vocational training, compensation, insurance and medical treatment. Dr. St. Clair, public health physician, and Lester Withers, of the board of vocational education, say:

The officers will be in Susanville on August 16 and 17, Carson August 19, Goldfield August 21, Winnemucca August 23 and 24, Elko August 26 and Ely August 28. They will not be in Reno, as offices are maintained there.

### TONOPAH CLUB TO OPEN WEDNESDAY

The Tonopah club, the pioneer sporting club of Tonopah, is being renovated after being closed for four months, and will again be thrown open to the public by its proprietors, M. H. "Mickey" Clifford, and Newton Crumley, next Wednesday.

With so much femininity uncovered, we guess we can stand another shock.

### PLEADS FOR LIMITATION OF ARMAMENT FOR WORLD

(By Associated Press)  
HONOLULU, T. H., Aug. 13.—David Starr Jordan, of Stanford, addressing the Pan Pacific Educational conference last night, declared no nation had ever gained anything by the sword which it didn't later lose by the sword. He cited Prussia and France during the time of Napoleon. Jordan pleaded for disarmament, arguing peace between all countries through educational understanding and mutual appreciation.

### REV. MCGOWAN IS TRANSFERRED TO FALLON, NEV.

The official announcement made today that Rev. Edward A. McGowan, pastor of St. Mark's Episcopal church at Fallon, Nevada, had been transferred to Fallon, Nevada, from his previous position at Tonopah, Nevada.

### NEW PRODUCE FIRM STARTS BUSINESS HERE

Henry F. Martin and Horace Christovich have engaged in the wholesale produce business in Tonopah, under the corporate name of the Southern Nevada Produce company. Their first car of vegetables and fruits arrived today from Sacramento. Both gentlemen are well known to the residents of this section, having resided in southern Nevada for many years. Their location is in the Wittenberg building at the depot, formerly occupied by the Wood-Curtis company.

### SAMUEL P. COLT DIES OF PARALYSIS

(By Associated Press)  
PROVIDENCE, R. I., Aug. 13.—Colonel Samuel P. Colt, chairman of the board of the United States Rubber company, died today, following a paralytic shock a week ago.

### BAD LIFE BELTS CAUSED BIG LOSS ON SHIP ALASKA

(By Associated Press)  
VANCOUVER, B. C., Aug. 13.—The ship Alaska, which was sunk on August 10, lost over \$100,000 of its cargo, because the life belts were so badly made that they were unable to support the weight of the men who were on board.

### PATROLING BORDER IN HUNT FOR RUM RUNS

(By Associated Press)  
DETROIT, Mich., Aug. 13.—Armed with rifles, 20 state police patrol today the border in the hunt for rum runners. The police are looking for a large quantity of rum which was reported to have been shipped from Canada.

### DEPTH GAINED FAST BY SHAFT OF DEEP MINES

The shaft of the Standard Deep Mines is now well past the 200-foot point, where the miners were put in place and everything prepared for setting a station. The shaft will now be continued without any other work of any kind until the bottom has been reached and when the shaft is at about that depth the station will be set at 200 feet, pumping machinery will be moved to it, the machinery now in use on the surface will also be moved to the 200-foot level and the merger surface plant will be moved to the Deep Mines.

Thus far an important feature of the work has been the almost entire absence of water in the shaft, making possible fast sinking with much greater economy than would be possible with water. It is not expected a flow that will amount to anything will be encountered before 1000 feet and it is considered possible the water will not appear in quantity so that pumping will be necessary until well below the 1000-foot level.

Air and water pipe for the entire 2400-foot shaft is on hand, with 1600 feet of big armor-plated cable that will be used to carry electricity to the stations at 800, 1600 and 2400 feet. Remarkable speed has been made in sinking the shaft and with practically all of the equipment ready to put in place when required, the company is in a position to continue without interruption to 2400 feet at a rate of five feet daily. The 1000-foot point should be reached well before September 15, which was the time set a month ago for reaching this depth.—Tribune.

### OFFER IS OFFICIALLY CONFIRMED BY SMUTS

(By Associated Press)  
LONDON, Aug. 13.—Official confirmation of reports that the British government had offered to free land in dominion status for Irishmen living in the first half of 1921, was given today by General Smuts.

### DEPTH GAINED FAST BY SHAFT OF DEEP MINES

The shaft of the Standard Deep Mines is now well past the 200-foot point, where the miners were put in place and everything prepared for setting a station. The shaft will now be continued without any other work of any kind until the bottom has been reached and when the shaft is at about that depth the station will be set at 200 feet, pumping machinery will be moved to it, the machinery now in use on the surface will also be moved to the 200-foot level and the merger surface plant will be moved to the Deep Mines.

### BUTLER THEATRE TODAY CHICKENS CHICKENS CHICKENS

This were a nightmare with DOUGLAS M'LEAN. You'll see it's a bird of a comedy.
